

Lucifer & the Father

Reflection & Response

1. Waterfalls, flowing water, rocks, and trees!

What reaction came to mind as you watched the first couple minutes of the video?

Adventure Refreshment Soothing environment I want to jump in
Get me back to the city I want to go there Love the sounds of waterfalls & streams
Memories of my favorite waterfall or one on my bucket list Other _____

2. God speaks truth to Lucifer: “You have tried to cloud their understanding of My perfect love.”

Give some examples or how your understanding of God is now or was clouded by circumstances, relationships, misunderstandings, or inaccurate beliefs about God or your own self-worth. If you have gained clarity, share about one way you have experienced God’s perfect love.

3. God: “I built the desire to know Me into them.” God brings Lucifer to a volcanic lava flow rocky space that looks barren and is void of any green or growth; far to each side is green and trees. He uses this landscape to demonstrate that sin brings a finite divide, and that the only way to safely cross the divide is through Jesus His Son.

If you are a Jesus follower, what brought you to the point where you chose to allow Jesus to lead you across that barren divide?

4. Lucifer makes the comment that some see the path and don’t even know it is there, and others deny that the other side of eternity even exists.

Was there a time when one of those perspectives described your position? What happened to change your mind about God and Jesus?

Or, if one of those ideas represents your current thinking, is there some visual or conversation in the film that has given you a new awareness or brought new questions to mind?

5. What emotion did you experience when God explained to Lucifer that it is still His time of mercy and grace, He is allowing enough time for many to come, and still more will come to Him?

Relief Joy Gratitude Amazement Other: _____

6. “The move of My Spirit is powerful still,” proclaimed God. “Water is a powerful force. When it faces resistance, it finds another way. So it is with my Spirit.”

What images in the film help you visualize the Holy Spirit, God’s power, and His design for us to know Him?

7. Snowflakes! Have you ever thought about fresh-falling snow particles and metamorphosis? The amazing process ends in a new creation with different characteristics and properties.

Share some thoughts about personal life transformation and God’s design that come to mind as you reflect on the snowflake transformation process.

8. “My bride (the church) has become holy and pure because of My Son’s completed work on the cross. She is reflecting His beauty, His holiness, and that is what I see.” God proclaimed. “My spotless bride is emerging victorious, and has the heart of a servant.... My Son is the ultimate servant and My faithful ones follow Him (Jesus) willingly, and even joyfully, out of great gratitude.”

How difficult is it for you to accept that God considers you holy and pure—that you are blameless before God and part of a spotless community—once you have become a Jesus follower?

(Ephesians 1:1-14 is one of many places in the Bible that describe you as a Jesus follower)

9. When did you first realize the identity of the table waiter? What impacted you the most from the last scene at the table?
